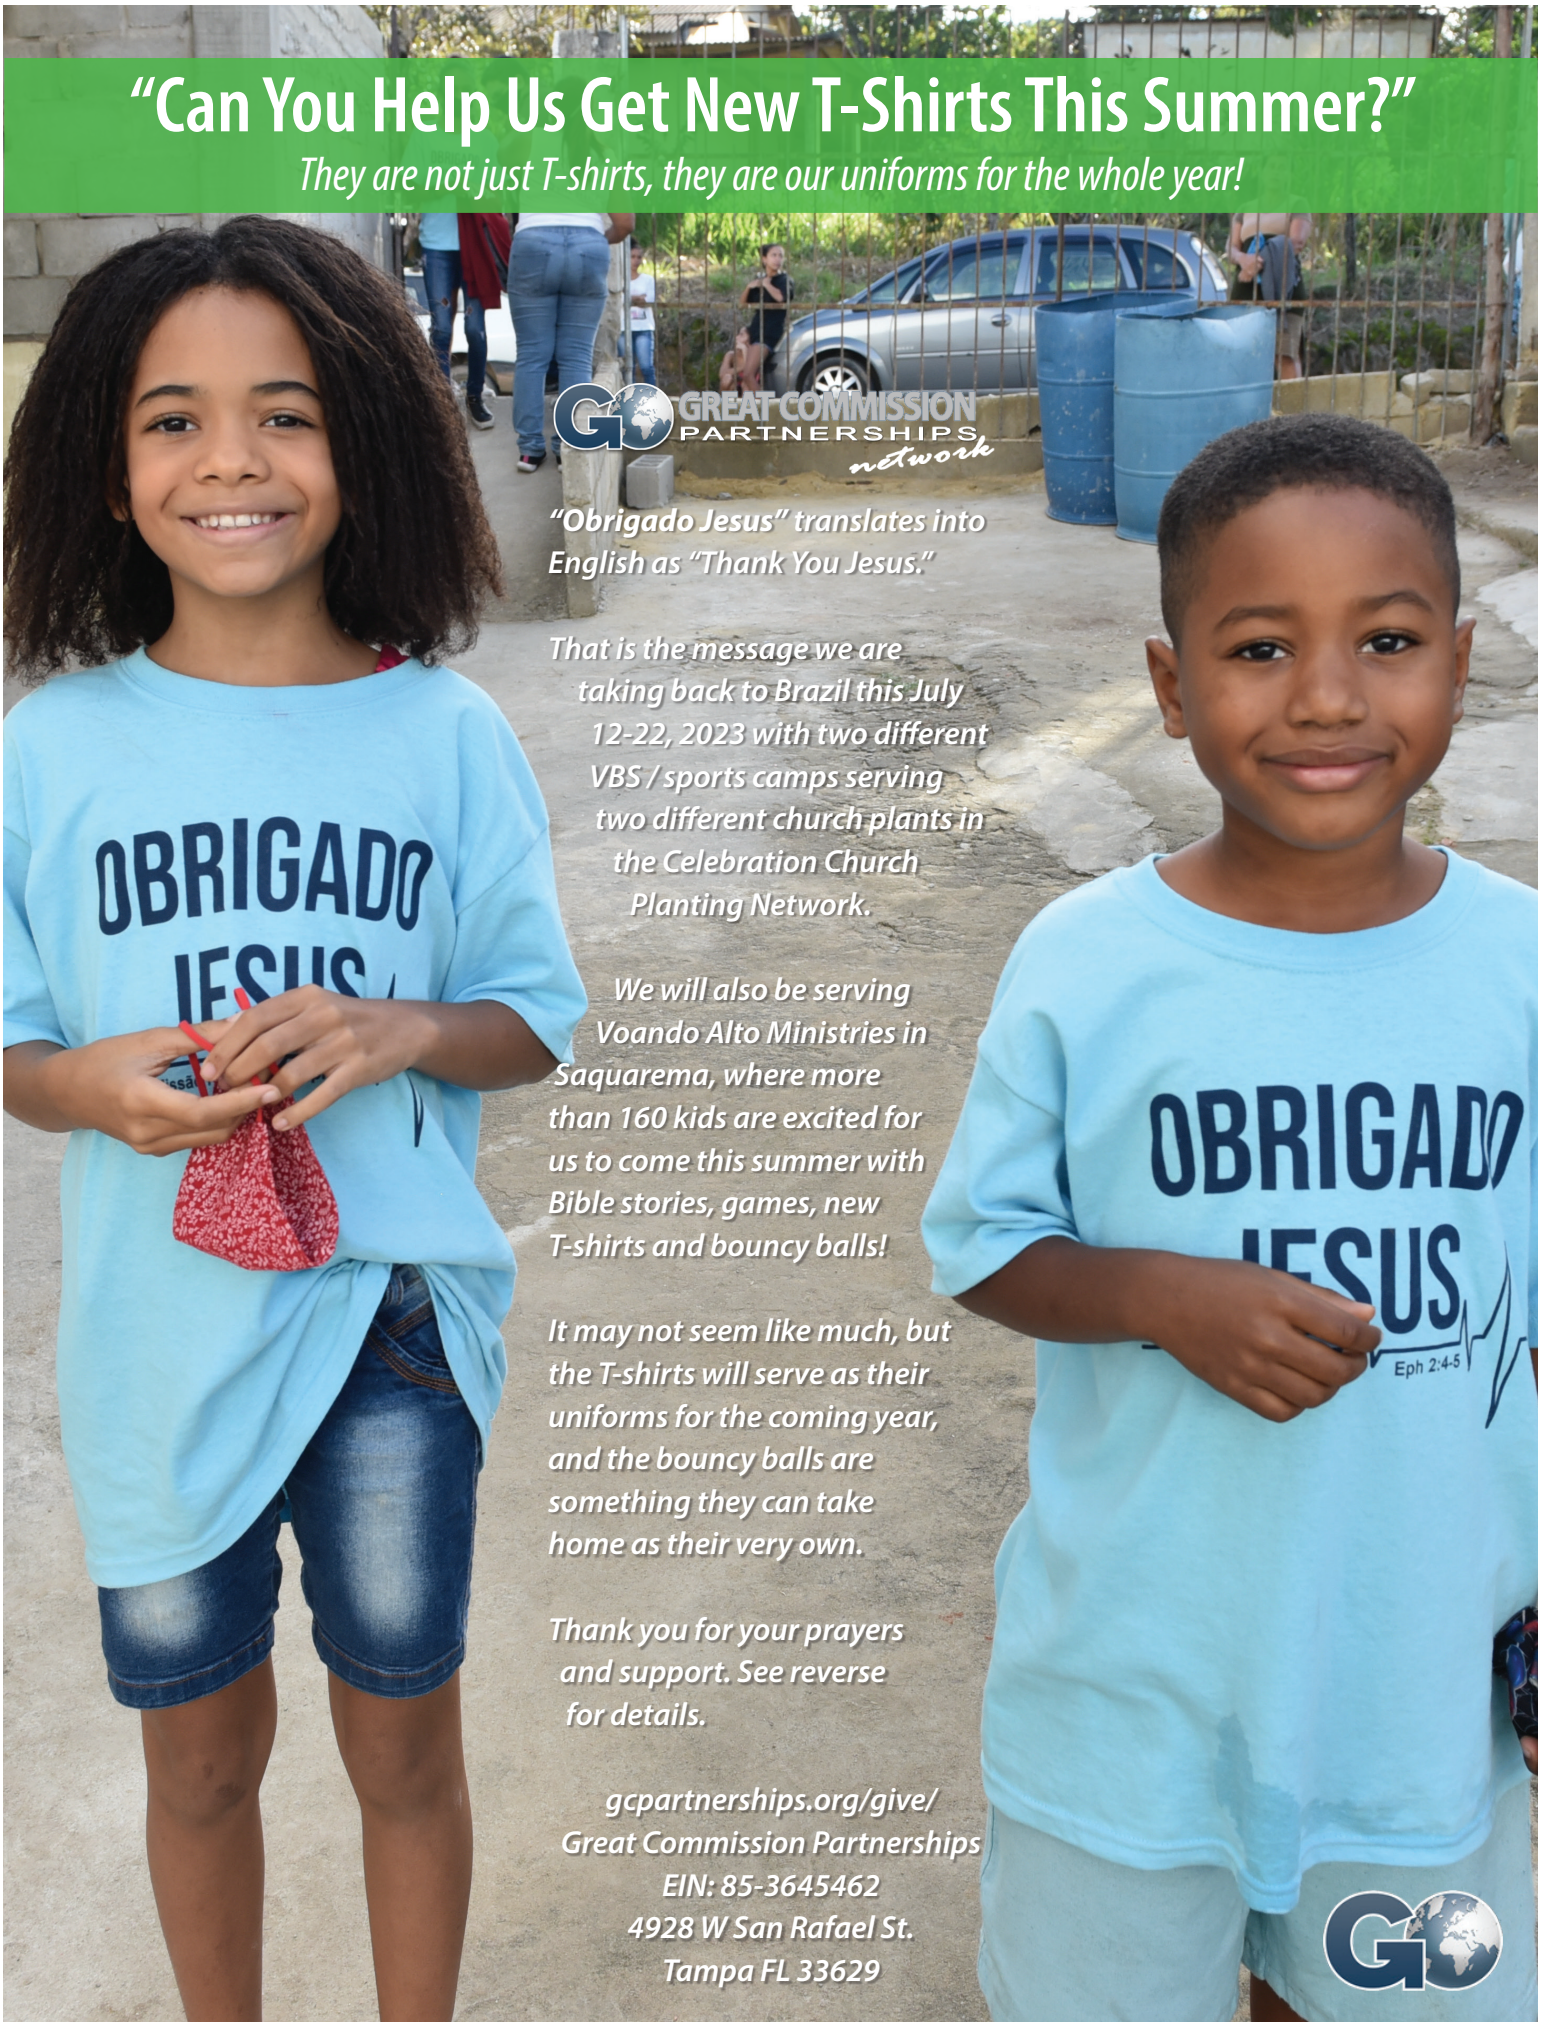
"Can You Help Us Get New T-Shirts This Summer?"

They are not just T-shirts, they are our uniforms for the whole year!



"Obrigado Jesus" translates into English as "Thank You Jesus."

That is the message we are taking back to Brazil this July 12-22, 2023 with two different VBS / sports camps serving two different church plants in the Celebration Church Planting Network.

We will also be serving Voando Alto Ministries in Saquarema, where more than 160 kids are excited for us to come this summer with Bible stories, games, new T-shirts and bouncy balls!

It may not seem like much, but the T-shirts will serve as their uniforms for the coming year, and the bouncy balls are something they can take home as their very own.

Thank you for your prayers and support. See reverse for details.

If not us, who?

Praise the Lord, as we move into our third year in Rio, we are seeing God take our relationships deeper. He is allowing us to know and love the real people behind Rio's shiny facade. He is showing us the real needs and challenges of planting churches in real neighborhoods there. And, He is affirming our investment.

Why Saquarema, Santa Cruz, and Universitaria? It's not about buildings and banners. It's about kids and families who otherwise might never hear the full Gospel of Jesus.

That is church planting: evangelism and disciple-making that results in new churches. and it is the natural way the Gospel moves -> household to household.

So, while to some, these little towns look like poor, insignificant towns on the outskirts of a major, world-city, but to our Lord they represent thousands of kids and families who are ready to hear and receive the gift of salvation.

You may ask, why are you traveling to Rio de Janeiro, Brazil when there are so many kids here that need Jesus.

With billions around the world who have never heard the name of Jesus, there are kids and families everywhere who need a Gospel witness to come alongside. Who will reach them?

We will. Collectively. Christians and churches who answer the call with a resounding, "YES, LORD!" The door to Rio opened with an invitation from our partner, Pastor Joe Souza, and the Celebration Church Planting Network in Boston.

Our "YES" was on the table. If not us, who?

If not us, who? It is a mantra for us who travel to Brazil, but it can also be a mantra for our supporters who make our ministry there possible.

We know that you cannot give to everything, but I want to invite you to pray about participating in some way in this effort. Whether through prayer, or giving or even going with us. Thank you for your support. We could not do it without you.
